The boat has the hull and rigging from the Sinerga 40 but with a special full lead keel, optimized for the modern IMS rule. This also gives a good rating under IRC. The higher stability it gives to the boat is favored by the IMS rule since 2004, and will be even more favored in the 2006 rule.</p> <p>This is a competition boat and no compromises have been taken. Aimed at the motivated owner and crew who wish to compete seriously, have fun and win without losing or costing a fortune.</p> <p>The equipment is of the best quality and the mast with double spreader is proportioned to have powerful performance and complete control.</p>
