<b>General Notes</b>	<p>The First 40 combines a sleek and sophisticated racer with all the comforts of a performance cruiser.</p> <p>The heritage of the Farr Yacht Design office gave to this boat a very powerful hull and a racing rig that provides excellent performance whether you are on the race course or if you just want to get to the next harbor a little more quickly than usual. The specific First 40 is very well maintained with a lot of extras. If your looking for a boat to race competitively or cruise with the family the First 40 needs to ne on your short list.</p> <p>The early 2009 models, like this one, has cored hull vs the 2010+ models which have a monolithic hull. Advantages of cored hulls are: lighter, more rigid and more resistant than monolithic hulls. Cored hulls fills the needs &amp; demands for someone who want a lighter, faster and more rigid boat.</p>
