Akilaria RC1 MUEYU

SOLD

GENERAL	
Name	Akilaria RC1 MUEYU
Model	Akilaria RC1 Class 40
Type	RACER
Year	2009
Hull Material	Sandwich
Flag	Belgian
Lying	Gijón
Price	84500
Vat	PAID
Slogan	PRICE REDUCTION!!!!
General Notes	MUEYU has been well maintained and provides a fantastic opportunity for those seeking some adrenalin fuelled racing or with the addition of a few creature comforts added, some equally exciting cruising. She's designed to be easily short-handed with her water ballast and an asymmetrical kite flown from the carbon bowsprit and which would be her ideal for either a quick blast around the cans or for the more adventurous, some serious off-shore high speed sailing. Class rules forbid the use of canting keels or "exotic" materials in the construction, which serves to keep the cost down whilst maintaining the excitement. Having been designed by the renowned Marc Lombard Yacht Design Group, being known for his Open 60's "Sill" and "Bouduelle," there has clearly been no shortage experience and expertise in the creation of these boats. The boat was built by MC-TEC, a company of builders formerly with maxi-boat builder Wally Yachts. In a purpose-built, high-tech factory on the coast of Tunisia, Akilarias are built using industrial female moulds and the SCRIMP vinylester resin infusion moulded sandwich construction technique.
Final Notes	All information is provided to the best of our knowledge and belief in good faith, represents our subjective point of view and is not relevant to the contract.

DESIGN	
Builder	MC-TEC
Designer	Marc Lombard

DESIGN

Notes	<p>The "Class 40" has exploded in Europe and is rapidly gaining attention here in North America. SAIL Magazine named the Akilaria Class 40 one of its "Best Boats 2008" with an award for "Innovation in a Performance Boat". It's a fast, easy-to-sail boat -available with a full cruising interior or as a minimalist racer- with a fixed keel, twin rudders, water ballast, open cockpit, carbon rig and retractable carbon pole for asymmetrical kites. Class rules forbid the use of canting keels or "exotic" materials in construction, which serves to keep the cost down and provide maximum "bang for the buck" to sailors.</p> <p>PRESS REVIEWS: "Here is another Class 40 design. This time the designer is Marc Lombard. The Akilaria is built as a stock, production boat and available in both "standard" and "race" versions.</p>
--------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

DIMENSIONS

Loa	12.19 m
Beam	4.50 m
Draft	3.024 m
Displacement	4,992 kg

ENGINES

Engines	Nanni N3.30
Propeller	Folding 2 blades
Notes	Nanni N3.30 29hp Diesel engine with folding propeller.

TANKAGE

Water	750 l
Notes	Water ballast tanks.

GALLEY

Notes	Gas burner stove. Sink with mixer tap.
--------------	-------------------------------------------

INSTRUMENTS

Electronics	NKE
Gps	Furuno
Vhf	Yes
Automatic Pilot	2 NKE
Plotter	Yes
Radar	Furuno
Notes	NKE True Wind indicator. VHF Radio with DSC. Computer. NKE AIS system with radio receiver and 2x crew transmitters Furuno radar. Furuno GPS. 2x autopilots

ELECTRICAL

Generator	Yes
Batteries Number	4
Battery Charger	Victron Energy
Notes	WATT and SEA Generator Balmar Max Charge alternator regulator. Replacement batteries.

SPARS & RIGGING

Sails	A2 A3 A5 Storm Jib Stay Sail Main + Solent
--------------	-----------------------------------------------------------

SPARS & RIGGING

Rigging	Rod rigging
Mast	Carbon
Boom	Carbon
Vang	Yes
Running Rigging	Dyneema
Furling System	Yes
Notes	Carbon mast, with aluminium spreaders. Matching carbon boom and bowsprit. Mast, boom, and pole, resprayed. Roller furler headsail.

DECK

Deck Hardware	Spinlock y Harken
Winches	Harken

SAFETY

Ce Registration	Yes
Fire Extinguishers	Yes
Liferaft	Yes

CONSTRUCTION

Notes	Vacuum bagged epoxy E-Glass foam/balsa sandwich construction. Hull stripped and epoxy primed. Deck non-slip resprayed. T-shaped 3m fin keel with a lead bulb. Keel removed for testing and refitted. Twin rudders with twin tiller steering.
--------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

ACCOMODATIONS

Berths Number	4
Bath Shower	No
Notes	2x single berths each with a lee-cloth. 1x manual flush marine toilet.

EXTRA NOTES

Radio Cd	Yes
Speakers Cockpit	Yes
Extra Notes	Kenwood radio/CD stereo with cabin a cockpit speakers
