She puts it up for sale, the fourth owner who has kept the name.</p> <p>The two tonner designation comes from the IOR, with a rating of 34.5 feet and a length of 42-44 feet. With the current ORC, she is in group 2 with a CDL of 10,761.</p> <p>It must be taken into account that it is a unique prototype specially designed for the competition, premiered that year in the Admiral's Cup, with a solid Kevlar fiber construction that has survived to this day in excellent condition.</p> <p>She does not present any structural or hull problems.</p> <p>The shipowners have been making modifications to keep it competitive, more livable and to keep it up to standards.</p> <p>LOCATED: ARENYS DE MAR (BARCELONA)</p>
