GENERAL

General Notes

A NEW HIGH-TECH CARBON CATAMARAN TO LEAD THE CATAMARAN MARKET.

CATCH ME is the first of the GP70 cruising catamaran.

**Fast Cruising Catamaran – One off Design
Classification: Pleasure Yacht**

Designed by VPLP for a well experienced Owner,

The GP70 CATCH ME is a perfect combination between sailing performances, seamanship and comfort for a family willing to sail around the world in an easy-to-handle yacht.

Built by TRIMARINE, a distinguished shipyard with a legacy of quality craftsmanship, proud of its latest marvel in nautical engineering: the GP70, a 70-foot catamaran that embodies the pinnacle of LUXURY and PERFORMANCE.

This shipyard, based in Portugal, has long been famous for its exceptional racing yachts, which perfectly combine elegance with high-speed efficiency, thanks to its advanced carbon construction techniques. Incredibly luxurious motorboats have been created there for the prestigious Hermès company.

PERFORMANCE because, with her slender hulls equipped with centreboards or low-aspect-ratio keels and her powerful sail plan, she can reach speeds of up to 25 knots on a smooth sea.

LUXURY because The interior design has been meticulously crafted in a classic, sober, almost timeless style. With its large airy saloon and galley which open out onto the dining area on the stern deck.

This ship is not just a ship; She is a statement of sophistication and speed, designed to satisfy the discerning sailor seeking the thrill of racing without compromising comfort or style.

**GP70 IS MORE THAN A YACHT:
IT'S AN EXPERIENCE THAT PROMISES TO ESTABLISH A NEW STANDARD IN THE WORLD OF LUXURY SAILING CATAMARANS.**

THE GP70 IS THE IDEAL BOAT FOR FAST ROUND-THE-WORLD SAILING IN TOTAL COMFORT AND SAFETY.

HULL Material: Glass Corecell Epoxy sandwich.
