A multitude of clever and customizable configurations guarantee easy navigation with the most seductive comfort.</p> <p>In addition to the seaworthy performance and large volumes that characterise it, this architecture allows for maximum use of the cockpit beam. Safety and ease of use are favoured by a highly efficient deck plan.</p> <p>The furling mast, the self-tacking jib and the set of halyards and sheets carried on a single winch at each steering position facilitate manoeuvres with a reduced crew.</p> <p>With its 1-metre-long mast, its 28% increased sail area, top-of-the-range Harken hardware and its deep keel with lead bulb for reduced drag, the First Line version of the Oceanis 46.1 promises unprecedented cruising sensations.</p>
